MESOPUSTNA CAJTUNGA ZA SENJSEK PRCEI KACULE

**Yesterday, Czechoslovakia was betrayed by the league, they handed over the complete Sudetenland to Hitler without letting us say a word.**

*Woman crying when the Nazis forced her to salute them*

*Some days ago, issues with Hitler seemed to be solved, so today it should have been an ordinary day in Czechoslovakia, but Britain decided to make yesterday a crucial date in Czech history.*

*Nobody would have imagined such a betrayal from Britain. She published together with Hitler an agreement known as "Munich Agreement" giving Hitler permission to take from us all Sudetenland due to the fact that Hitler, the loyal dictator had to "rescue" Nazi people living in this land, using this as a perfect excuse to justify his invasion in Czechoslovakia.*

*Once again the league was shown absolutely powerless and ineffective in taking important decisions, especially with the countries like we are without power as they have. Our "faithful fella" was only interested in her own benefit as usual.*
